

Fix

Let us fix our eyes on Jesus, the author and perfecter of our faith

Hebrews 12:1

Fix

Fix your eyes on Jesus. That's how real life comes. And we need it. More than that, the world needs us to be fully alive. This is going to be a momentous term with Stretch 21 coming to the centre. It is, however, a project which is put in proper perspective by Jesus and his mission. In Lent and Easter we fix our eyes on Jesus, the author and perfecter of our faith. We begin to focus again on the work of the Holy Spirit. So it is a *word* and *spirit* season. We continue to press in to our CityShaper vision - look out for CityShaper training and resourcing days. In all we do we are asking how does this shape us in order to be able to the shape the city.

On Jesus

Jesus is real. As Rob Bell puts it, 'He is more compelling than ever. More inviting, more true, more mysterious than ever.' The writer to the Hebrews encourages us to Fix our eyes on Jesus, the author and perfecter of our faith. He is the way the truth and the life. We need to get our bearings, to find our centre by receiving his life and following his way. As we go through Lent and prepare for Easter this series invites us to look at what Jesus can mean to us in the city.
